cordial and filently character. Grant fund no full with the admiralisation of altitis in New Orle that ty Specifian and he has placed on record tilim and decided protest against his removal His letter to the Exceldent exhibits the time no skion of General Grant, in accepting the office of Secretary of War. He acceled to the President's appointment tot homes up thy with his policy or to lead the struction of his name or in harity t end at rear the extention of On an war six a 113 Congress, h treat Vir Digitation shows for the Lemmar of his Southern net to prevent mischief lies motives, also, Hke War Department the country is said. The Prest dent's hands are fied, and he knows it. If Grant is removed it will be an omen of trouble, and a signal of an approaching conflict betwien Congress and the Fraident. We shall then understand that the President has become so fan ful of imperchanent, so desperate that he will disregard and resist the authority of Longress

the Army The President already faiters, recedes

"He Bree a cowed in his own esteem
Lesting I dare not, walt upon I would"

other day Johnson went to Antictum that a partizon purpose was to be substrued ander the hollow mask of paying a patriotic iri-bate of respect to those who hald down their in as for their country on that consecrated fleid A more cutting rebuke than this can scarcely be impined, a rebuke that was double edged and in his peace oration and the whole Presidential The President hastens back to Washingparty ton, discussed and chagrined not only, but im-pressed more deeply than ever, that he has count all without his host, that he is not only hedged by his Secretary of Wir. but that he is described by the people whom he has betrayed, and has become an object of undisguised contempt by the army of which he is officially Communder in Accordingly, immediately on his return the red flag" is hauled down, and "the white faither is deisplayed. We refer to the last mana festo in a special from Washington to the New York Times, which we published yesterday

York Twies, which we published yesterday
As an inclusion of the President what stemper
on the situation of reconstruction thans, witness
the following abstract of his views, as recently
expressed, in conversation with certain publifluss
who called upon hun for the purpose of ure, ing
blue to reopen regressed sow as the South. He en
formed them that he could not do so without in
curring the risk of impeachment, and admitted
that the reconstruction laws confer on District
Military Commanders sole conits of over registra
tion. His only posser of interfacence was the re
moral of commanders when they failed to cascute
the laws in accordance with his views of them light
construction. He also admitted that the Dutriet
Commanders are sucher the direct authority of ten ion – He also admitted that the Distric Aers are under the direct authority of Con grass in the performence of a civil duty and that if he should attempt to assume power as Commund or in Chif, to control the time of regists atom and holden, elections, they would have the right to re-fuse to deep kee orders and would not be amenable

id so, &c.
We there ever a more precipitate retreat than this, a more cowardly pecari, a more ludicrous hars de combat than is exhibited in the above?

During the deliber trons of the Cabinet jester dry, it is undesited in become evident that in the opinion of the ymenther pseudopt that the left of the contempland amounts proclamation would be a contempland amount proclamation. would be to re use all persons included within its terms from all disqual-podium as well as all per-alter memoral by completty in the later-hollow, and of course. So for it the vector of General forms is concerned from all distibility, as to the right of suffrage in consequence. affice microrred

f command goes out for the whole line to adfance to death or victory Buddenly four and His skutmishers have discovered a breastwork of steel, and a wall of fire in their front. A halt is ordered, and offer a survey of the situation, which is becoming more and more formidable and threstering, the gravens sorke their group. and show then heels in the wildest faste onfusion—It is often the case that a lai, his first will save the author of a bid deed from contempt, but such vacillation as this is beneatly contempt The President has in this last act, satisfied us that while he may disgrace his station, he has not the nerve for a Dictitor And he has most abundant shown how well—the cost fits ' that Senator Wilson mid for him Specifying of Andrew

I think the free beat will only his and starts in curying out my Lilies it. It is just this and of a time in its role of a pan who has covered and coulded by fived all sett if principles it is a the think of a fivent in the first passionate tend of a time of which he sifted to be a time of while, in is not playing man but an obstitute taxing which equipmed alliferent thing. He gos by fits and startly, in fact, he acts like a "fit is not not hister part of which in the lattice, which experies the fitted provides and their gove to steep again, and so mostifie is so in After one of three great possions and in her accused himself chiller by word or act time Problem calme down. In my idea he is a footist man, gowerned by gusts of possion and a temper-such he is a disappointed man because he will believe he was going to succeed. This ignominations battere has disappointed in much met him vindictive."

With so we that man is Johnson, a man so costly

mything at with ill his a minheness, he can or even pleuse hidrstli, and finds one rest and trakes no progress in any of his changes. He is as whatted for the rake of Phyrothes for that of Moses We commenced by a ferring to Sheridan and the subsists between kim and Grant On his route to Pittsburgh, in a macistif in with a delegation General Grant in connection with his own idmin stration of affairs in the Fifth Military District

-there is not in test and direction con-nected with four me toffuncted Trytham he is, and it will not be very low-fellow the country with spacers and honor born man, than it has ever yet done."

position. But failing to win over Grant, the The Atlantic and Great Western Railway President realizes that he has lost his hold on the Mr. Junes. McHonry, through whose entor prise the Atlantic and Great Western Rallwa was designed and constructed, has written a lei ter to a gentleman in London, who has a large interest in this railway, in which he is very hope ful of the future of the company. The lette was prompted with a view to prevent the sacrific of securities of the company M: Henry reiter utes his opinion of the espablisty of the company to meet all its engagements and ultimately to satisfy the just expectations of shareholders— The affairs of the company stage they passed into soldiers prosted the Freidest, Sween, English, and the orator freident, who haded McClellan great victory if supported in keeping the property is a unit wild in a sound state of administration. He insists that had the offens of the road been vigorously administered, its resources fairly developed and responsible security exercised in its disbursements, all interest money would have been regularly provided. The realization of shares plodged for advances at disastrons rates caused bim a loss in 1865 of one million sterling and greatly more in credit. But he seems to have more faith in the enterprise than ever. He writes

and Cheveland, which has always been neglected, \$2000,000 Out of 750,000 passengers carried last year, only 1200 (involve bundred) were from and to the Ohm and Mississippi, and about 50,000 to and from the Eri. The Tennylvania Central (100 so well situated as the Atlatific and Great Western for passengers) rectived by us, in and number of passengers fourfold, the mileage bing about the same. The corn, timber, cotton and general produce trade can be increased \$3,000,000, making our v.celpts in 1870 reach at least (Officen million dollars) \$15,000,000.

Take our expediditure at 60 per cent (and in opposition to many great railway authorides here, but in humony with the views of some of the punishment for military insubordination, if they

but in Laumon, with the viewe of soule of the greatest and most expurienced, I contend that 50 per cent on such a line as ours should suffice) and we shall have a uctimeous of six millions of dollars in 1870, which will enable us to pay air

I mu quite meensed to substantiate my unam

Company and utterly oppose it osolish interests (in any degree or department.

West of our lines, railways are being opened to the extent of 100 miles weekly through in developed territories, where each man does work and produces built for transportation equal to the men in Europe, by the use of mechanicity, girls sowing fifteen acres of wheat in a day, boys plowing with atenu plows moving mechines and respers, of which you in England know something, but not timely, coal affine with an inestiable damend for their produce in districts supplying in return orea and come a qualition seekly untelligent and restless heyond anything I now a deserted.
